

Western Australian Global Network

Your gateway to international success

The Department of State Development assists Western Australian businesses to capitalise on international export and investment opportunities through the Western Australian Global Network.

With twelve international offices located in the State's key trading regions the Western Australian Global Network:

- Promotes trade and investment with Western Australia
- Advises on market entry strategies
- Provides statistical, trade and market analysis
- Identifies business opportunities in established and emerging markets
- Represents Western Australia's interests in trade agreements and Sister State relationships.
